Evening Gowns and Coiffures Growing More Beautiful and Most Bizarre—Opera Gowns of Amber Satin With Elaborate Designs of Peacock Feathers Heavily Jeweled With Sapphires and Rhinestones—Coiffures Seen in Extravagant Heights—Peach Blow Taffeta Intricately Embroidered With Metal Threads and Rhinestones—Home-made Christmas Confections the Best—Four Excellent Recipes.

## GOWNS AND COIFFURES

### NEVER SO ELABORATE

Probably never before in Parisian sartorial history has a more elaborate display of evening gowns and evening coiffures been achieved than is being presented to the public at the present time. All that is most beautiful and most bizarre, all that is most extravagant and most startling seems to have been consummated these last months, resulting in fashions that have not before been equalled for their intricacy of design and their costliness of material.

Art is a devoted handmaid to fashion these days. True there are hideous examples of fanaticism in clothes, where all art or pretense to art is recklessly sacrificed to serve the extremists' ends. But these examples are by no means so numerous as to offset the charm and beauty of those creations which are the result of both genius and taste on the part of the artist who designs and effects them.

One stunning opera gown of amber satin had an elaborate design of peacock feathers. This was heavily jeweled with deep sapphires and rhinestones. At the back, where the skirt was caught up at an extravagant height, was a butterfly bow of gold brocade. The lining of the bow revealed delicate gold lace and from the under part of the train the same fine gold lace was in evidence. Directly in the middle of the back hung a panel of gold tulle which was heavily jeweled.

The eighteenth century coiffures have returned and are being seen to a greater extent than one would have dreamed possible in the short time they have been in vogue. For instance, back in about 1750 women wore hair dresses so high they could not sit in their carriages, and openings were made up top so the hugeness of the coiffure could be accommodated. Now that taxis and automobiles are growing lower there is considerable consternation over what is going to happen when the coiffure reaches the height of long ago, which it is bound to reach in a comparatively short time.

One coiffure worn here in a restaurant not long ago rose to extravagant heights in tiers of puffs, one on top of the other. But it also dropped in a low effect, quite as extreme in its own way as the high effect was extreme, falling far down over the face and parting just at the tips so that the tips, vividly rouged, showed up startlingly from beneath smooth layers of hair.

Peach blow taffeta, shot with gold and with silver and intricately embroidered with metal threads and rhinestones, was made up recently into an opera gown of really startling beauty. The motif of the bodice and the tunic was of an oriental design, while the whole gown was of a classic simplicity, which marked it out from the others and made of it the center of all eyes.

sign, while the whole gown was of a classic simplicity, which marked it out from the others and made of it the center of all eyes.

## HOME-MADE CHRISTMAS

CONFECTIONS ARE BEST. Home-made Christmas candies and candied fruits have a traditional value and when rightly made, a very substantial value as well. Their place in Christmas-tide cheer is too firmly fixed to be entirely filled by substituting factory-made confections, but it is seriously threatened by the invasion of the factory goods. The greatest hindrance to the practice of home candy-making is the complicated and uncertain recipes that are generally selected.

## DIVINITY CREAMS

Add 1 1/2 cups sugar and 1/2 cup of corn syrup to 1 1/2 cup of water, and boil to the "Hard Crack" stage—until the portion tested is hard and brittle. Pour in the beaten white of 1 egg, and beat, adding 1/2 teaspoon vanilla as it thickens, until stiff. Mold in a box lined with oiled paper, and cut in slices when cold.

## PEANUT CANDY

Put 2 cups of sugar into a smooth frying pan and stir with the bowl of a spoon till melted, keeping the sugar flat. As soon as the sugar is all melted, remove from the fire and stir in 1 cup of chopped peanuts. When it begins to stiffen, pour upon the bottom of an inverted pan, shape with knives, and cut into small squares.

## CHOCOLATE CARAMELS

Boil together 2 cups of brown sugar, 1/2 cup of molasses, 1/2 cup of cream, 1/4 to 1/2 cup of butter, and 1/4 cup of chocolate to the "Hard Ball" state—until the portion tested forms a firm ball. Add 1 teaspoon of vanilla, and a cup of chopped nuts if desired. Pour into buttered pans. When cool, cut in squares and shape into cubes with two knives. (With the larger amount of butter the candy must be stirred to keep it from burning, and with the smaller amount there is more danger of graining.)

## GLACE FRUIT

Prepare materials, and oil platters and fork. Boil 2 cups of granulated sugar and 1 cup of water for a few minutes, add 1/4 cup of vinegar or 1/8 teaspoon of cream of tartar, and boil to the "Hard Crack" stage. Put the saucepan in which it was cooked into a pan of boiling water, and begin to dip the fruit or other material into it, by means of a fork, chocolate dipper or new hatpin. If the syrup becomes too thick, reheat. But work quickly so as to avoid too many heatings, as they will discolor the fruit. Remove the glace fruit from the platter as soon as it is hard and keep in a cool place. Stoned raisins, candied cherries and pineapple, figs, cut small and nuts, are most suitable. White grapes and orange sections are delicious, but must be used immediately.

## YOUTH DISPLAYS

UNUSUAL COURAGE. Salt Lake, Dec. 11.—Kenneth Henry, son of E. V. Henry of No. 8 Elizabeth court, was credited yesterday with being the most gritty person ever taken into the emergency hospital. With his upper jaw bone broken and the bridge of his nose crushed in so that he had to breathe through his mouth, the boy, who will be 10 years old January 15, never made a whimper or uttered a complaint. His stoicism gave at first the impression that the boy was in a stupor, but he answered questions and showed that he knew fully what was going on and that he was badly injured. When asked if the injuries hurt him much, he answered in the affirmative, but there wasn't a quaver in his voice.

The boy is a nephew of Carl P. Redman and Ivor Redman, who drive trucks for J. W. Mellen, dealer in sand and gravel, and is well known to the other drivers for the company.

For this reason he is sometimes permitted to ride on the big trucks when he is not selling papers or in school. Yesterday afternoon at about 5 o'clock he was seated proudly beside H. Johnson of No. 20 Sheldermine court who was driving a gravel truck.

## ELLA FLAG YOUNG FORCED FROM PLACE

Chicago, Dec. 10.—Mrs. Ella Flag Young, the first woman to become superintendent of schools in a large city, was forced out of her position tonight, when the board of education had a vote on her re-election. Immediately on the announcement of the vote Mrs. Young resigned her position, saying that without the support of the board she would have to decline to permit her name to go before the board again. John D. Shoop, assistant superintendent, was elected to succeed Mrs. Young.

Dr. Young has met with constant opposition and a few months ago resigned her position because she was not allowed to have free way in educational matters in Chicago. The resignation was withdrawn at the request of Mayor Harrison, who assured her a free hand in the future. The opposition to Mrs. Young, however, was not quelled by the action of the mayor, and at the first opportunity the board voted her out of office.

The action of the board was a shock to Chicago. The fact that the city had the only woman superintendent had made it unique in educational circles.

## WOMAN LOSES HAND

Pocatello, Idaho, Dec. 10.—By the work of an improvised burglar alarm, Mrs. Thomas Hall, wife of a prominent hardware man here, lies in the hospital with but one hand. Late yesterday afternoon, while Mrs. Hall was assisting in the store, she pulled open a drawer which was attached to the burglar alarm. The alarm fired a shotgun, and although it was loaded with a blank cartridge she was close enough to the muzzle of the gun to have the whole hand mangled by the powder discharge. Mrs. Hall was taken to the hospital, where the hand was amputated just above the wrist. The mechanism of the alarm should have been detached during the day. It had been set so long that Mrs. Hall had forgotten all about it.

## IDAHO FALLS NOTES

Idaho Falls, Dec. 10.—F. H. Thornton, who was badly injured in a runaway Monday morning died at the hospital at 1 o'clock this morning. He had been conscious a part of the time, but the upper part of the body was completely paralyzed.

Three carloads of ties have been unloaded here for the Interurban railroad. Considerable grading has been done, but this has been suspended on account of the front. The survey and cross-sectioning is being completed.

John Von Prossky, who was leader of the cowboy band when it took part in the big celebration in Salt Lake City last summer, left here soon after the return home. He has now been located in Pueblo, Colo., and Sheriff Mullner has gone to bring him back on a warrant charging him with larceny.

City Councilman Coughlan will arrive tomorrow morning from Long Beach, Cal., with the body of his father, M. G. Coughlan, who died there on November 25. The funeral will take place next Sunday under the auspices of the Joe Hooker post, G. A. R., of which he was a charter member. He had been living in California for the past three years.

## MAJOR OF BOISE IS AGAIN UNDER FIRE

Boise, Dec. 10.—Mayor Arthur Hodges of Boise, prospective candidate for governor, was today made defendant in a second ouster case to remove him from office. The complaint is made by John Tucker, a citizen, who alleges that Hodges has knowingly permitted, in violation of the laws and ordinances of this city, houses of ill fame to operate here and that they are conducting an illegal traffic with the consent of the mayor. It is further alleged that he has permitted the illegal sale of liquor in the underworld.

Judges Davis and McCarthy of the district court permitted the second ouster complaint to be filed after a conference. The law gives them the power to refuse or permit its filing. Judge Walters of the district court, who was called in to hear the former ouster complaint, held with Mayor Hodges. J. I. Mills, the complainant, carried an appeal to the supreme court, where it is now pending. The filing of the second complaint today caused a sensation. It followed quickly on the heels of wholesale arrests of the women conducting houses, on evidence furnished by citizens' committee. Hodges' alleged policy of police protection to the underworld women has caused constant agitation since he went into office a year ago.

## SPANISH LINGUIST SAYS

LOPEZ LETT A FORGERY. Salt Lake, Dec. 11.—According to Abraham Mejia, 55 Social Hall avenue, Raphael Lopez, the Mexican bandit, could not have been the author of the letter received by Julio Carrillo of Bingham Monday.

"Although I am not personally acquainted with Lopez," said Mr. Mejia, "I know of him through mutual friends and am positive that he did not write the letter to which his name was attached. In the first place, no Mexican, no matter how little educated, could have written a letter so barren of idioms, for it must be remembered that Spanish is a language of idioms. True enough a few idioms were attempted, but the writer failed utterly, and it is evident that he was laboring under the handicap of but a smattering knowledge of the language."

Mr. Mejia came to this conclusion after laboring over the letter for nearly an hour, and was emphatic in his statement that Lopez was not the author of the letter purported to have been written by him. He expressed his opinion that the letter had been written by some person in Salt Lake with the mistaken idea of playing a practical joke on either the people or the sheriff and his deputies.

## DIVIDEND IS PAID.

Monroe, Utah, Dec. 10.—The Monroe Creamery company has re-elected to the milk producers a dividend of 4 per cent of the value of the milk furnished by each patron. Some time ago this company paid a shareholder dividend of 10 per cent. The organization is presided over by Joseph H. Jensen and the manager is Jacob Magleby. It is an excellent example of successful co-operative industry.

## CHARACTERISTIC LINES

This entire suit is of the same material, plum colored cloth. The curved band at the lower edge of the coat closes at the front with a double row of buttons, covered with the material.

A separate vest of canary colored plush, edged with black and closed with fancy enamelled buttons is worn.

A new English ice cream freezer, in which ice and salt are packed into a cylinder that revolves inside the mixture, delivers its product in a continuous stream half a minute after the crank is turned.

## VERY PAINFUL BLISTERS ON BODY

Like Scalds or Skin Burns. Apparently Itching and Burning. Cuticura Soap and Ointment Cured Completely.

R. F. D. 48 1/2, Port Orchard, Wash.—"When my baby was about five days old his abdomen became entirely covered with very much distress and sleeplessness. They appeared very much like scalds or skin burns, apparently itching and burning. The bands irritated the blisters, causing sores.

Wards other remedies but the sores became worse. They lasted about six weeks before I used Cuticura Ointment. After washing the irritated parts well with Cuticura Soap and applying the Cuticura Ointment he received almost instant relief, and the cure was complete in seven or eight days." (Signed) Mrs. J. G. Kelley, Dec. 4, 1912.

## TO REMOVE DANDRUFF

Prevent falling hair, remove crusts and scales, and allay itching and irritation of the scalp, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment, afford the speediest and most economical treatment. They assist in promoting the growth and beauty of the hair by removing those conditions which tend to make it dry, thin and lifeless, often leading to premature graying and loss of hair. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address postcard "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

## GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—You can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Advertisement.

## SASKATCHEWAN WHEAT OUTPUT

Winnipeg, Man., Dec. 11.—The government of Saskatchewan announced today that the grain harvest this year would be valued at \$110,000,000, of which \$71,000,000 is represented in wheat and \$25,000,000 in oats. The total production was 243,500,000 bushels, of which 112,369,000 bushels was wheat, 110,210,000 bushels oats and 9,921,000 bushels barley.

## CATTLE BUSINESS BOOMS.

Salmon, Idaho, Dec. 10.—The Shoup ranch and Chris Nagle sold 150 head of fine steers to the Peterson Cattle company of Fox, Mont., for feeders last week. The steers were chiefly 2-year olds and averaged between 1,000 and 1,100 pounds. The price was \$25 per hundredweight. P. McKinney also sold 200 head of yearling cattle to a Big Hole buyer. Present prices have given great impetus to the cattle business in this county and it is estimated that during the past six or eight years the gross returns to cattle raisers have doubled.

## BUGGY STRUCK BY TRAIN, OCCUPANT IS INJURED.

Pocatello, Ida., Dec. 10.—Mrs. W. E. Miller of Buhl, Idaho, was seriously injured this morning when a buggy in which she was riding was hit by an Oregon Short Line freight train, three miles west of Buhl. Kenneth Lowry, also of Buhl, was riding in the same buggy with Mrs. Miller, but escaped with minor bruises.

Mrs. Miller and Lowry had driven into a blind crossing, not hearing the

## AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Agents: A. R. McIntyre—(Advertisement.)

## WARD'S

FANCY XMAS BOXES.  
FINE CHOCOLATES and BON BONS.  
FRENCH FRUITS (Crystallized).  
SHELLED NUTS (All kinds)  
FINE PASTRY GOODS.  
BRICK ICE CREAM.

Order Early.

We Serve Light Lunches.

2341 Wash. Ave.

Phone 279.

180 25th St.

warning whistle. The horses crossed the track just in time and escaped uninjured. The buggy was hit a glancing blow, reducing it to splinters and hurling Mrs. Miller and Lowry many feet from the tracks.

They were picked up by the train crew and rushed back to Buhl, where a caboose was coupled to an engine and they were rushed to Salt Lake with all possible speed. Mr. Miller, husband of the injured woman, was in Nampa at the time of the accident, but went to Salt Lake as soon as he was apprised of the accident.

## POCATELLO LATEST PLACE WHERE BANDIT IS SEEN.

Pocatello, Idaho, Dec. 10.—An individual, answering very closely the description and photos of Lopez, appeared at the brick kilns here and slept a day and a half before workmen connected him with the Mexican murderer. His clothes were soiled, he had a heavy growth of beard, his shoes were worn to tatters and he had a gun under his coat. The suspected man said he had just finished a long walk from the southern part of the county, where he had been herding sheep, but he watched everybody carefully and started at the least noise or on the approach of workmen.

The sheriff was notified but the Mexican disappeared when his suspicions were aroused.

## FOOTBALL CAPTAINS TO MEET AT YALE

New Haven, Conn., Dec. 11.—Captain-elect Nelson Talbot of the Yale football eleven has invited about half a dozen former Yale captains and prominent players to meet him here next Saturday evening to discuss the season of 1914. The list comprises

practically the alumni who formed the coaching staff of Captain Henry Fitcham the past fall. Captain Talbot said that he wished to talk over general matters, but that nothing will be discussed of a specific nature and that the coaching staff will not be announced after the meeting.

Yale's policy for next season will be shaped as a result of the meeting. A session such as is planned will, it is thought, point out the mistakes of the last season and make it possible to eliminate them next fall.

Yale football officials fully expect that Howard Jones will return next fall as head field coach. Although he has signed no formal contract, he has an understanding that he can remain three years to establish a permanent system. When he left here at the end of the season he fully intended to return and his name is expected to head the list of coaches whom Captain Talbot will announce in about two weeks.

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

J. C. CHENEY & CO., Toledo, O.  
We, the undersigned, have known J. C. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.
